7:30 - 9:00 pm

The **Beaver Valley Development Group** (bvdg.ca) is holding the second Public Information Session for the planning and design of their lands. They have retained The Planning Partnership to lead the initial stage of the development process. This is the second of three Information Sessions planned over the coming months to collaborate with the community on the directions for development on these lands, identified in yellow on the map at right.

In this second meeting, The Planning Partnership will give a presentation providing an overview of the development process, the planning context of the lands, what we've heard so far and land use options being considered. Meeting participants will be invited to provide their comments on the options.

Please visit bvdg.ca to review the presentation from the first Information Session. Register to attend the time that best suits your schedule by going to beavervalley.eventbrite.ca. The Kimberley Hall has a 60 person capacity.
